He faces Tom Rice, a Swampy RINO Republican who voted to impeach President Trump. Tom Rice is too weak, too timid, and too afraid to fight back against the Democrats' communist takeover of America. He cannot be trusted.

Vote Graham Allen for Congress.

Masking children is child abuse.

Children need to see each other's faces and their parents and teachers faces in order to develop speech, expression, and emotional connections.

Wearing mask day after day is very unhealthy for kids.

This has to stop.

The FBI is using his son-in-law's company to survey schools to identify "threats."

The AG is enriching his family.

Here is what must be done.

Impeach Joe Biden

The GOP Conference must come together with Articles of Impeachment. Spend as much money as it takes to apply pressure on moderate Dems that know they will lose their seats if they vote NO on impeachment

No visitors can check their coats in the Capitol because no visitors are allowed in.

It's not because of Covid, there are sports games, concerts, and mass public gatherings all the time now.

It's because they don't want you here, and don't care that you pay for it all.

Says a black woman, who is one of only 435 people in all of America currently elected to serve in Congress.

You can stop with the racism now Cori and put your race card back in your pocket.

4th of July is freedom for all from a tyrannical government.

Happy Independence Day!

Cori Bush @CoriBush

When they say that the 4th of July is about American freedom, remember this: the freedom they're referring to is for white people.

This land is stolen land and Black people still aren't free.

Real Republicans don't sell out their voters or their country by helping the America-Last Democrats.

This is what Democrats want.

They want you to suffer in every way so that you beg them to pass taxpayer funded socialist "solutions" like the Green New Deal.

Which will be more government rules & failure paid for by you.

The framework is America-Last and will destroy our economy and put us on our knees to our enemy, the CCP.

The framework will tax Americans into poverty to pay for the Green New Deal scam.

Republicans MUST VOTE NO!

Marjorie Taylor Greene @mtgreenee

If Congress passes the $1.2 trillion so-called infrastructure bill and the $4.3 trillion budget, America will change forever

No Republican should hand over their voting card to Nancy Pelosi

It's time for Republicans to hold the line.

It's time for Rs to stop trading back room deals with Democrats & special interest donors.

Every single Republican must vote NO to the Infrastructure highway to Communism & the Budget for the Green New Deal.

@AOC, how do you feel about @SpeakerPelosi gutting your $2.25 Billion Civilian Climate Corps (aka the Antifa Jobs Program) from the reconciliation bill?

Seems like Biden and the rest Dem establishment don't care what you think after all.

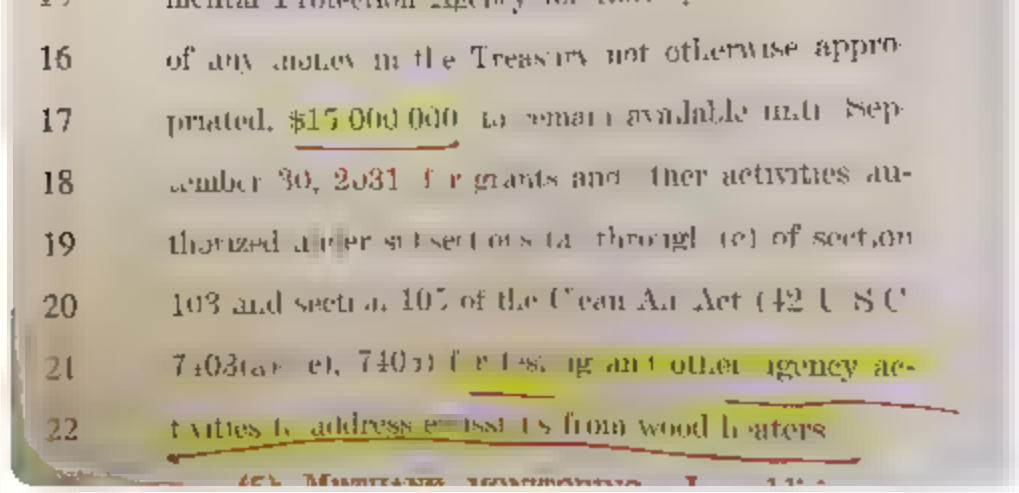
$15,000,000 to address the emissions of wood heaters.

Who lobbied for this BS?

I mean really?!



Those evil wood heaters that people use to stay warm.

Democrat Climate Cult members in charge of spending your money hate poor people trying to stay warm.

(4) EMISSIONS FROM WOOD HEATERS.—In addition to amounts otherwise available, there is appropriated to the Administrator of the Environmental Protection Agency for fiscal year 2022, out of any money in the Treasury not otherwise appropriated, $15,000,000, to remain available until September 30, 2031, for grants and other activities authorized under subsections (a) through (e) of section 103 and section 105 of the Clean Air Act (42 U.S.C. 7403 (a) (e), 7405), for testing and other agency activities to address emissions from wood heaters.

The Desert Fish are getting screwed in the new version of budget.

Originally they were getting $25,000,000 but now they are only getting $4,850,000 million.

Same for the Fresh Water Mussels, Pollinators, and Hawaiian plants.

Big bummer.

The most popular & loved President in U.S. history is raising $1 million+ per week!

Save America PAC has $90 MILLION cash on hand.

That's $20 million more than the RNC & $28 million more than the DCCC.

I've told them all along Trump is our leader!

I just finished watching Part 1.
I hope everyone watches it.
Perhaps the J6 committee ought to watch it too.
I want to see the inside and outside surveillance tapes.
Those videos show the truth and the people involved and those who are innocent.
Why not release the tapes?

None of us do & no one should.

Why do I get fined for not wearing a mask when I'm sitting in a chair on the House floor the same as people eating unmasked at a restaurant?

Denied entry again to the DC Jail today, 1 day after the US Marshall's report revealed that conditions in the DC Jail do NOT even meet "minimum standards of confinement."

Due to this violation, they are moving 400 detainees, but NOT the pre-trial J6 detainees in CTF.

U S. Marshals Office of Public Affairs (703) 740-1899

Statement by the U.S. Marshals Service
Re. Recent Inspection of DC Jail Facilities

Washington, D.C. - During the week of October 18 the U S Marshal for the District of Columbia conducted an unannounced inspection of the District of Columbia Department of Corrections (DC DOC) facilities that house several hundred detainees who are facing charges in the U S District Courts for the District of Columbia and Maryland or are awaiting placement in a Federal Bureau of Prisons (BOP) facility to serve their sentence While the U S Marshals Service (USMS) is responsible for the care and custody of these detainees under an agreement between the federal and DC governments the DC DOC is responsible for determining where within their corrections facilities the inmates will be housed maintaining and staffing the physical facilities and providing for detainees

The USMS inspection was prompted by recent and historical concerns raised regarding conditions at the DC DOC facilities including those recently raised by various members of the judiciary.

The inspection encompassed two DC DOC housing facilities the Central Treatment Facility (CTF) and the Central Detention Facility (CDF). During the unannounced inspection, the U S Marshal reviewed both housing facilities and conducted more than 300 voluntary interviews with detainees

The U S Marshal's inspection of CTF did not identify conditions that would necessitate the transfer of inmates from that facility at this time CTF houses approximately 120 detainees in the custody of the USMS including all the defendants in pre-trial custody related to alleged offenses stemming from events that took place on January 6 at the U S Capitol as well as other federal detainees Housing assignments for detainees are determined by the DC DOC

The U S Marshal's inspection of CDF revealed that conditions there do not meet the minimum standards of confinement as prescribed by the Federal Performance-Based Detention Standards CDF houses approximately 400 detainees in the custody of the USMS

Based on the results of the unannounced inspection, USMS leadership made the decision to remove from CDF all detainees under the custody of the USMS Working with the BOP the USMS will transfer those detainees to USP Lewisburg in Pennsylvania The Lewisburg BOP facility provides attorney and visitor areas medical care and video teleconferencing capabilities The USMS is committed to ensuring that detainees have adequate access to defense counsel, family support medical care, and discovery related to their cases while in USMS custody

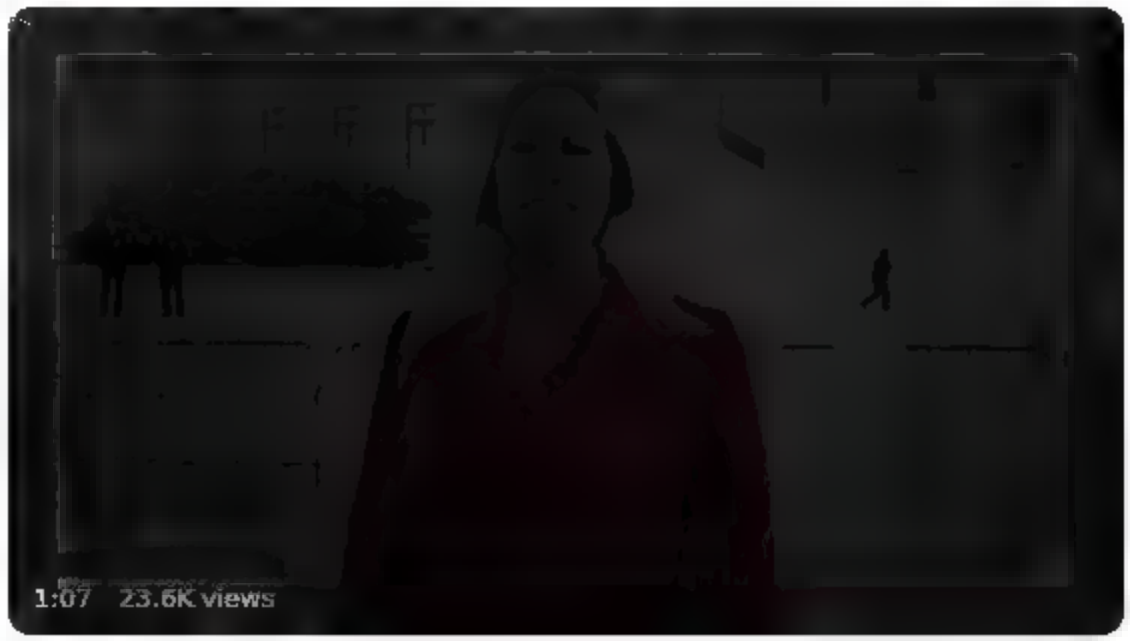
Last night was a lesson for Democrats.

Parents in Virginia and across America stood up to say:



Don't put boys in our girls' bathrooms.

Don't put our kids in masks.

Don't force our kids to get vaccinated.

Don't teach our kids to be racist.

I replaced my Let's Go Brandon sign, since stolen, with an email from Dr. Frankenstein about his recommendation that masks don't work.

I'm fined $2,500 every time I go on the House floor without a mask, it's important to echo the "wisdom"of the all knowing Dr. Fauci.

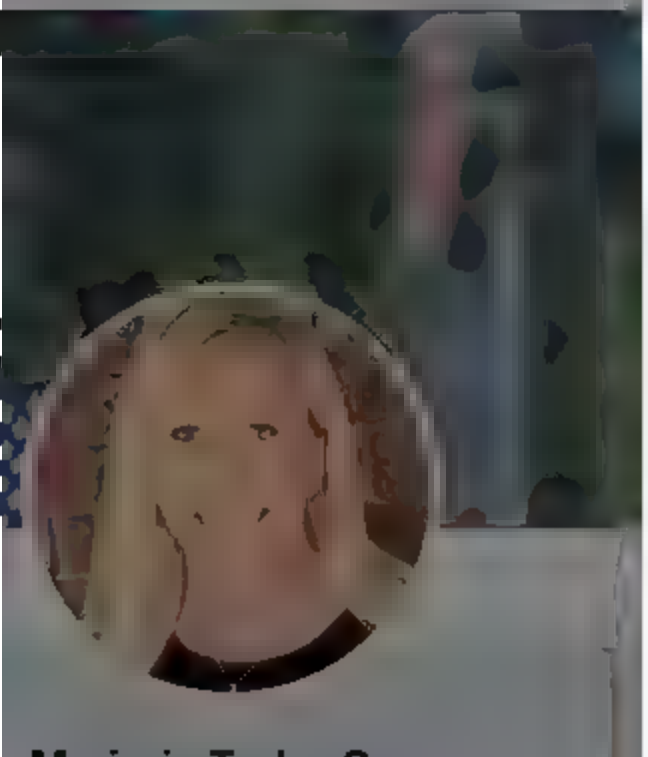
Sylvia:

Masks are really for infected people to prevent them from spreading infection to people who are not infected rather than protecting uninfected people from acquiring infection. The typical mask you buy in the drug store is not really effective in keeping out virus, which is small enough to pass through the material. It might, however, provide some slight benefit in keep out gross droplets if someone coughs or sneezes on you. I do not recommend that you wear a mask, particularly since you are going to a very low risk location. Your instincts are correct, money is best spent on medical countermeasures such as diagnostics and vaccines.

Safe travels.

Best regards,



Tony

Not a single Republican should be voting for the Infrastructure bill which is less than 9% actual Infrastructure.

These “Republicans” are going to vote for phase 1 of the Green New Deal.

I just left the Patriot wing of the the DC jail where I visited with pretrial J6 defendants in person.

I asked questions and heard their stories.

We must do everything we can to remain a Free America where justice is colorblind, doesn't see political lines, and truth prevails.

1. Last night we toured the DC jail.

My staff and I are writing a full report this morning on our 3+ hour long tour.

I've never seen human suffering like I witnessed last night.

While some were shown to us in seemingly beneficial programs, others were in tortuous lockdown.

Pelosi leaving the vote open seems to be making the motion successful.

But it also shows how little she cares about the floor staff who have to sit there while she harasses her minions to vote.

5. It was like walking into a prisoner of war camp and seeing men who eyes can't believe someone had made it in to see them.

They are suffering greatly.

Virtually no medical care, very poor food quality, and being put through re-education which most of them are rejecting.

7. I am committed to ending this political war and seeing that our justice system is never used against Americans as a political weapon ever again.

I am also beginning a plan for real prison reform.

Our nation is broken and our people are divided.

It's time to fix it.

I'm joining @gregkellyusa at 7PM tonight on @newsmax to tell the story of the J6 political prisoners in the DC Jail.

Last night's trip to the Patriot Wing was like visiting prisoners of war.

The treatment of these men is unacceptable.

I'm more convinced than ever Nancy Pelosi set up the Capitol Police to fail on J6.

All requests for National Guard assistance were denied.

Instigators in the crowd of Patriots incited violence & urged entry

When Patriots went to the Capitol, some were incited by instigators in the crowd & possibly agents within our own government who infiltrated their circles well before J6

Like provocateurs to bring down foreign governments, has the deep state done the same to our own people?

On Tuesday, the American people rejected the Democrats platform and by Friday Republican traitors locked arms with Nancy Pelosi to pass Joe Biden's communist takeover of America.

Your voters will send you the same message they sent Democrats on Tuesday.

"Majority Makers" just became Socialism Makers.

There is only one cure.

Remove them from committees.

Stop helping them financially.

They don't deserve it and solidly proved it by delivering Biden's agenda.

Primary them & build a better party that serves America.

It has officially been 1 month since Norway removed all Covid restrictions.

They have no vaccine passports, mask mandates, or social distancing rules.

Their seven-day rolling average of new deaths is lower than ever.

Why is no one talking about this?

There have been 5 defining votes for Republicans in the 117th Congress:
- Impeachment
- J6 Committee
- Remove MTG
- Bannon
- Biden Spending Bill

@RepJohnKatko voted against us on all of them.

Some would laugh & make fun of her saying, Pelosi prefers freedom over California Communism.
But actually she wants to bring in the left to destroy Florida.
Democrats are like kudzu.
They spread, cover, and suffocate everything good & everyone in their path.

Nancy Pelosi went house hunting last week in south Florida.

She was actually on my plane.

She wants to retire in Florida to enjoy low taxes, mask free hair salons, and Republican freedom policies, while literally destroying all these good things for the American people.

13 Republicans voted with Pelosi to spend $7.5 billion to build EV charging stations all over America to force Americans to drive CCP battery driven cars.

China dominates the EV battery market by over 80% & the US can't even compete with less than 10% market share.

President-elect @JoeBiden's pick for assistant secretary of health "likely contributed to the thousands of elderly deaths in Pennsylvania" by placing COVID positive patients into nursing homes.

This person is unfit to be confirmed by the Senate.

The State of Georgia must protect employees of private companies from the tyrannical overreach of Biden's vaccine mandates too.

Stop ALL vaccine mandates.

Let people choose to get jabbed or not without fear of discrimination in their workplace, school, or anywhere!

When the days come where the ruling regime, the propaganda media, and the elites declare that the American Patriot is the enemy and the intelligence agencies hunt Patriots because they are labeled domestic terrorists then every American should take heed bc communism will kill us.

We need to investigate why @SpeakerPelosi did not have 10K National Guard at the Capitol on Jan 6th like Pres Trump requested on Jan 5th since it was warned ahead of time by intelligence there was something planned and pipe bombs were found at the RNC and DNC on Jan 5th.

Ignor ng a clear threat to the Capitol and all the ives involved.

There needs to be accountability for that.

1. Last night we toured the DC jail.

My staff and I are writing a full report this morning on our 3+ hour long tour.

I've never seen human suffering like I witnessed last night.

While some were shown to us in seemingly beneficial programs, others were in tortuous lockdown.

They have felt forgotten & hopeless.

Marjorie Taylor Greene @mtgreenee 3h
1. One of the benefits as a Member of Congress is visiting different types government facilities to provide oversight.

On my recent visit to the DC Jail one of the things I picked up was some religious material.

They had options.

Christain and Islam

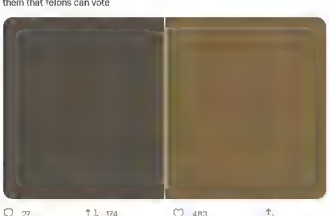
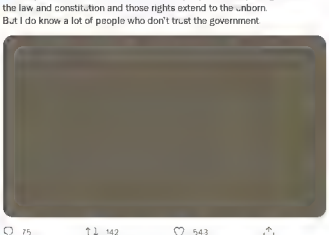
402 756 1.8K



Marjorie Taylor Greene @mtgreenee 3h
2. I feel it's important to know what people read and are subjected to while in jail

After all, they can not just leave and go find whatever they want to read

33 87 453



Marjorie Taylor Greene @mtgreenee 3h
3. The DC Jail offered Louis Farrakhan's Nation of Islam newspaper

The DC Jail also signs everywhere telling inmates to vote and also informing them that felons can vote

27 174 483

Marjorie Taylor Greene @mtgreenee 3h
4. I don't know any people with white hate, white fear, or white rage
We, Republicans, see and believe that all people have equal rights under the law and constitution and those rights extend to the unborn.
But I do know a lot of people who don't trust the government

75 142 543

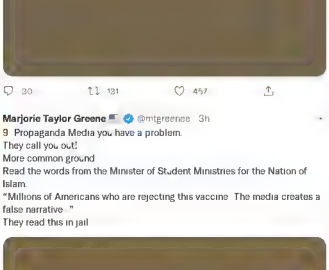
Marjorie Taylor Greene @mtgreenee 3h
5. But I also found out that the Nation of Islam sees the use and benefit of Ivermectin and is very angry that our media, Democrats, and Dr Fauci have attacked the drug and refuse to save people's lives by not promoting it and shunning the use of it
We have common ground there

101 272 569

Marjorie Taylor Greene @mtgreenee 3h
6. The Nation of Islam is also strongly against the #COVID19 vaccines.

90 233 532

Marjorie Taylor Greene @mtgreenee



7. And the Nation of Islam is very against children being given the #COVID19 vaccines.
More common ground.
Children should NOT be taking covid vaccines, as all data shows they are hardly at risk.

8. "Stop Leading Black People to #COVID19 vaccine slaughter!"
This is problematic for party of identity politics.
Extremely high amounts of deaths are reported on VAERS, but there are no investigations into those deaths.
Just Biden EO's that fine companies for #NoJabNoJob

30 131 457

Marjorie Taylor Greene @mtgreenee 3h
9. Propaganda Media you have a problem.
They call you out!
More common ground
Read the words from the Minister of Student Ministries for the Nation of Islam
"Millions of Americans who are rejecting this vaccine. The media creates a false narrative..."
They read this in jail

25 128 432

Marjorie Taylor Greene @mtgreenee 3h
10. Louis Farrakhan says that forcing the vaccine is a "declaration of war."

That is how strongly the Nation of Islam opposes @JoeBiden's vaccine mandates that force unvaccinated people to lose their jobs

89 198 513

Marjorie Taylor Greene @mtgreenee 3h
11. I'm a Christian and am wholeheartedly thankful to be one. I'm filled with overflowing praise to God for all the he has done, does, and will do.

I'm strongly opposed to radical Islam.

But I do believe in freedom of religion guaranteed to us by our Constitution.

Cont'd

89 101 520

Marjorie Taylor Greene @mtgreenee 3h
12. Learning how opposed the Nation of Islam is to the #COVID19 vaccines, & already knowing how many Christians oppose the vaccines, we MUST ensure that Religious Exemptions are allowed for Vaccine Mandates.

All vaccine mandates must end & children shouldn't be vaxxed

Cont'd

58 147 540

Marjorie Taylor Greene @mtgreenee 3h
13. I call on any lawmaker to join me in protecting American's freedom of religion by stopping vaccine mandates.
These unconstitutional mandates clearly cross political party, identity, and religious lines.

It's our duty to defend all civil rights.

57 120 504

Marjorie Taylor Greene @mtgreenee 3h
14. I should add the Nation of Islam newspaper was not found in the Patriot Wing with the J6 defendants.

Most of them have Bibles and pray and do Bible study daily.

I prayed with them while I was there

Most of them are also unvaccinated & don't want the vaccine

Cont'd

58 101 463

Marjorie Taylor Greene @mtgreenee 3h
15. J6 defendants are denied basic needs because they are unvaccinated

Haircuts, shaving, communion, chapel and more because they aren't vaccinated

They are given Nair to chemically burn off hair

Cont'd

55 149 434

Marjorie Taylor Greene @mtgreenee 3h
16. Covid and unvaccinated people is no excuse to deny pre-trial defendants & prisoners their basic human rights.

Remember while #COVID19 was raging & people were dying, murderers, rapists, child sex offenders and more were released from prison for covid "safety."

Cont'd

82 210 882

Marjorie Taylor Greene @mtgreenee 3h
17. My staff & I are still writing our report on my visit to the DC Jail & everything we learned there over 3 & half hours.

I'll be on @TuckerCarlson tonight to talk about our federal government's communist style political war against Americans.

I'm committed to stopping it.

I just left the Patriot wing of the the DC jail where I visited with pretrial J6 defendants in person.

I asked questions and heard their stories.

We must do everything we can to remain a Free America where justice is colorblind, doesn't see political lines, and truth prevails.

The prosecutor differentiates the two guns because the intent is to prove the need for gun control laws.

Dems want gun control more than anything.

They know Kyle acted in self defense.

They don't care.

Now they have to vilify the AR-15 so the Democrats can take them away.

Greg Price @greg_pr ce11

PROSECUTOR: "He s got a pistol. You ve got an AR 15. Why is he more of a threat to you than you are to h m?"

KYLE: "Because was moving at me with a gun in h s hand."

No one has argued in defense of the Capitol riot, and I've always openly said I was very upset by it, but after seeing these men myself in the DC Jail, I can attest this abuse is true.

Have you seen Georgia's infrastructure? This $$ is going to help people, including red states like your own. Especially those that rely on federal funding. Like your own state.

They, of all people, know the truth about #COVID19 and #vaccines more than anyone.

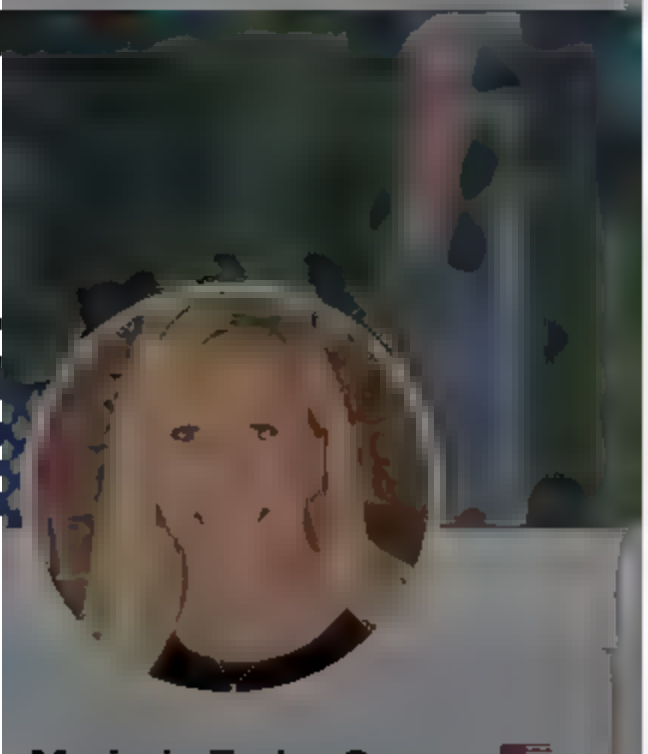
The AR-15 is one of the best guns ever made.

It's easy to hold, especially for women.

Guns don't get up and kill people by themselves.

People kill people, with all kinds of tools.



That's why I always want the best tool to protect myself & my family.

Buy a gun, try an AR-15.

This trial is really about setting up an attack on our 2A, but they can't convict a gun.

They all know Kyle Rittenhouse is not guilty.

The gun was a tool Kyle used to protect himself from the violent people trying to kill him.

That's it.

The end.

No matter how many times Democrats lie about Trump & Republicans & no matter how many propaganda news stories the mainstream media pumps out, there's one thing for sure.

People aren't buying it anymore.

They see the truth at the gas pump & checkout counter.

Democrats are on the verge of passing the most radically transformative bill in American history, the BBB bill.

It's the Green New Deal & it serves China.

Sen McConnell made it all possible by leading 19 R Senators & 13 R House members to pass phase 1, the Infrastructure bill.

America is a sum total of the decisions Congress has made.

Today our constitution no longer holds authority.

Democrats always boldly tell us what they will do, but the slow death of America is because of Republicans compromising away our freedoms.

Never compromise.

.@RashidaTlaib there's NO white supremacy when EVERYONE involved is white.

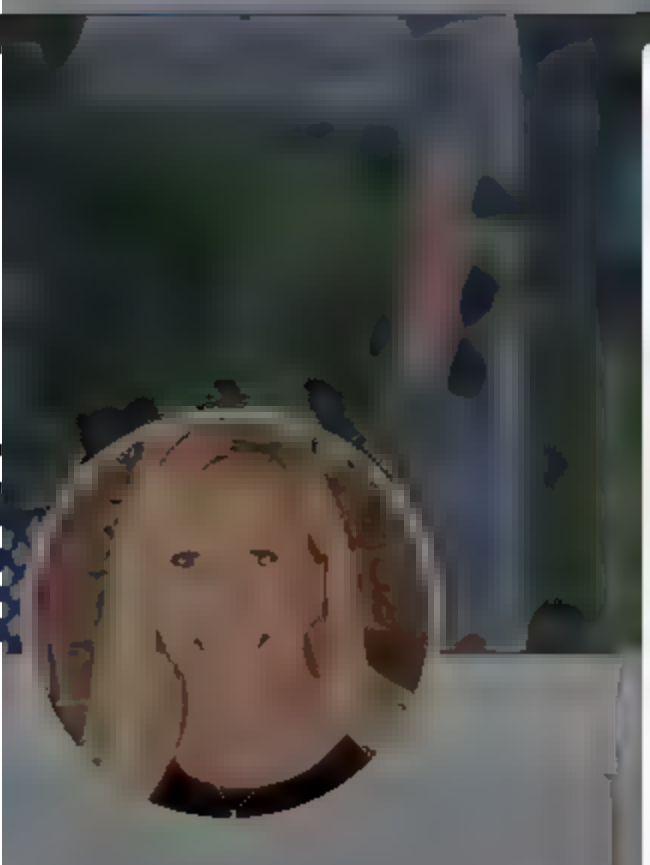
Self defense has nothing to do with skin color, it's a God given right to ALL of us.

Justice was upheld today when Kyle was found NOT GUILTY.

You're support of violent BLM riots is an injustice.

Congresswoman Rashida Tlaib

@RepRashida



Our justice system is broken. It protects white supremacy. The two people who were killed deserved justice and so did our communities who continue be targeted with violence like this.

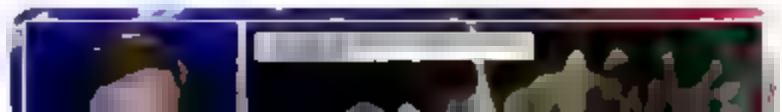
Kyle Rittenhouse has been found NOT GUILTY on ALL charges.

Tucker bravely reports truth unlike the state controlled media lies, who cheered on the real domestic terrorists that you financially supported w/bail bond.



A domestic terrorist executed two people, and according to Tucker and his supporters this is "maintaining order."

Their murderous rants have inspired many mass shooters and now they aren't even trying to distance themselves from it, they are excusing it.

God help us.

Lin keeping Kyle in jail instead of bailing him out with ALL that money donated FOR Kyle is absolutely evil.

Lin should go to jail for what he did to Kyle.
I also fully blame him for why Georgia lost our Senate seats.
He's from Georgia and we know him as a life long Democrat not a Republican.
He grifted off of Trump & told people not to vote on Jan 5th saying their vote would be stolen.

After the widespread hateful reaction to the Rittenhouse verdict & dog whistle calls to radical BLM ground troops by the mainstream media, Democrats, and even the President of the United States, we must ask if they incited the mass murder in Waukesha, WI.

Intentional homicide.

Don't need leadership to lead.

The J6 Committee lied on subpoena. Lying on Congressional record is a very big problem for them.

These Members are abusing power and abusing Congressional Committee power.

Obviously she isn't concerned about rising sea levels from climate change as the "greatest threat we are facing."

But she clearly sees the real threat of the new astronomical taxes she rammed through in the BBB bill as a good reason to hide wealth in Florida.

Nancy Pelosi went house hunting last week in south Florida.

She was actually on my plane.

She wants to retire in Florida to enjoy low taxes, mask free hair salons, and Republican freedom policies, while literally destroying all these good things for the American people.

2. The Democrats, the mainstream media, and the President of the United States should be held accountable for their racist inflammatory rhetoric that VERY LIKELY caused Darrell Brooks to murder so many innocent Americans walking in a Christmas parade.

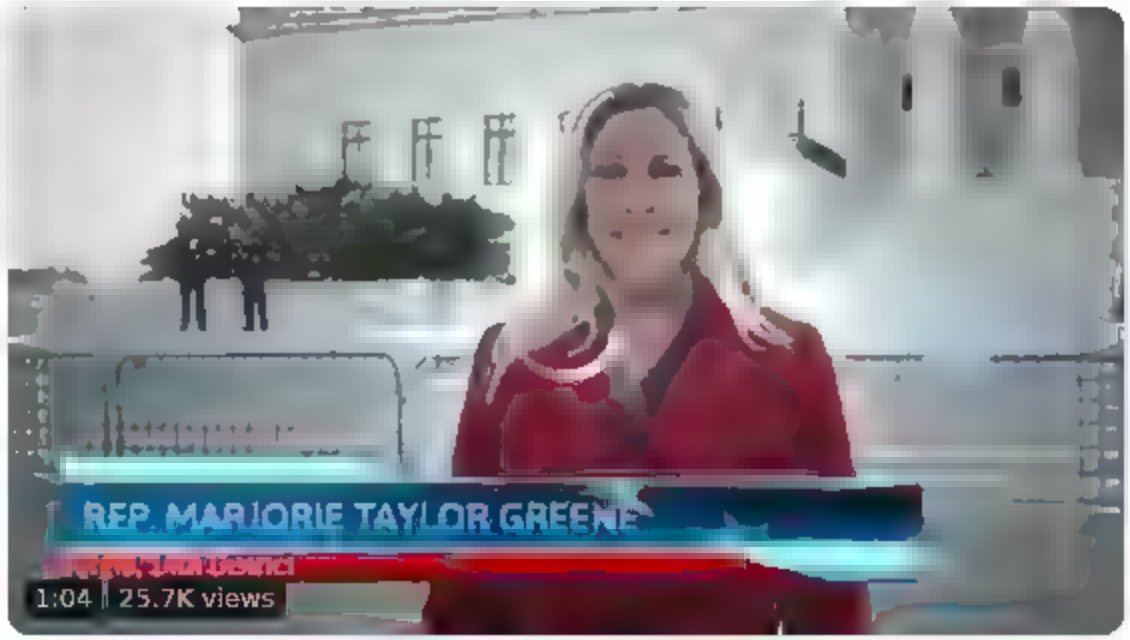
Last night was a lesson for Democrats.

Parents in Virginia and across America stood up to say:



Don't put boys in our girls' bathrooms.

Don't put our kids in masks.

Don't force our kids to get vaccinated.

Don't teach our kids to be racist.

Don't mess with our kids!

Happy Thanksgiving!

Let us be thankful for our history and all of its lessons.

May we restore our nation to principles and policies that enable American success, restore the forgotten men and women of America, and guarantee a productive future for the next generation.

Pelosi kicks @DrPaulGosar & I off committees for social media posts, & mine were before I ever ran for Congress, but R's who vote to pass Biden's agenda keep ranking committee positions.

We aren't the problem, it's the R's that vote like D's & only talk like Republicans on TV.

Lin should go to jail for what he did to Kyle.
I also fully blame him for why Georgia lost our Senate seats.
He's from Georgia and we know him as a life long Democrat not a Republican.
He grifted off of Trump & told people not to vote on Jan 5th saying their vote would be stolen.

No, ma'am

Y'all lost your seats in Georgia because Senator Warnock and Senator Ossoff were better candidates than the ones your party put up for election

Lin should go to jail for what he did to Kyle.
I also fully blame him for why Georgia lost our Senate seats.
He's from Georgia and we know him as a life long Democrat not a Republican.
He grifted off of Trump & told people not to vote on Jan 5th saying their vote would be stolen.

No, ma'am

Y'all lost your seats in Georgia because Senator Warnock and Senator Ossoff were better candidates than the ones your party put up for election

1 I waited a week to see if action would be taken, after 13 Republican traitors voted to pass Biden's agenda before speaking publicly

Nothing happened

Well not exactly

@DrPaulGosar got kicked off committees for a cartoon and @RepLizCheney & @AdamKinzinger voted for it.

2 Remember, 11 "R's" voted with D's to kick me off committees supposedly for social media posts well before I even ran for Congress, and I was publicly chastised by @GOPLeader several times for my words

But I don't back down & always keep fighting, & have the People's support

3. Committees are useless in the minority & everyone knows it bc Republicans have stopped nothing.

I've been far more effective without them.

But Republican traitors have hurt us.

Without 19 R Sen & 13 R House Members, there would be no Infrastructure or BBB bill right now.

These bills aren't about R and D's. Those R's are sick of the divide. I guess you don't think your state needs new roads, transportation and rural internet for your constituents. That's sad. This isn't high school.

Lauren Boebert said: "We'll, she doesn't have a backpack. We should be fine."

Boebert then called Ilhan Omar, "jihad squad."

This is the question everyone should be asking.

It also reveals the real moral dilemma with the current government mandated covid vaccines.

And why is the government forcing a vaccine for a virus over 99% of people survive?

Especially when we know who the high risk groups are.

1. I waited a week to see if action would be taken, after 13 Republican traitors voted to pass Biden's agenda before speaking publicly.

Nothing happened.

Well not exactly.

@DrPaulGosar got kicked off committees for a cartoon, and @RepLizCheney & @AdamKinzinger voted for it.

NO to the Infrastructure bill bc we all knew that bill was tied to the BBB bill, which is full passage of Biden's agenda & the Green New Deal.

6 Dems bravely voted NO, but Katko led 12 R's to vote YES

13 Republican House members handed Pelosi the key.

On a silver platter.

Katko voted 1st then 12 more R turncoats, & they unlocked the door to the BBB bill, Biden's agenda.

7. With all that is know about #Covid and all the covid studies and the known miracle of low deaths in Africa with very little vaccinations, it's no wonder the Tyrants announce a new #covidvariant from Africa and apply travel restrictions.

They control you with irrational fear.

2. Obesity is the highest risk factor for hospitalization & deaths from #COVID19. For many reasons, good & bad, obesity is not at all high in Africa like it is in America.

Being outdoors a lot also gives Africans higher healthy levels of Vit D & Zinc.

Huge win for @UAW!

Workers rights should allow all workers/employees the right to choose to be vaccinated or not.

Vaccination status was never a requirement of employment.

No one should lose the ability to earn a living & feed their family bc of an unconstitutional mandate.

Over & over people have proven serious election integrity problems in Georgia.

In GA, we all know.

"These irregularities indicated a ballot scanning error rate of about 21 percent,"

That's WAY past the error rate of 0.0008% allowed by law.

It's fraud.

I just got off a good call with @GOPLeader.

We spent time talking about solving problems not only in the conference, but for our country.

I like what he has planned ahead.

The most important thing Republicans can do is to stop the funding of vaccine mandates.

Republicans voting for funding of OSHA will be voting to fund communist tactics used against the American people.

Vaccine mandates are unconstitutional, no matter your stance on vaccines.

Every single elected Republican MUST vote NO to funding the government.

If any Republican votes to fund the Government, they will be funding Biden's vaccine mandates that will cause millions to be fired & destroy freedom.

Democrats want us censored, shut down, and imprisoned.

Never apologize to Islamic terrorist sympathizers, communists, or those who fund murder with our tax dollars.

@IlhanMN and the Jihad Squad are all three and are undeserving of an apology.

It's been obvious from the start it was all a lie, & an attempt to take down one of the strongest fighters in Congress.

1. There are a lot of people that need to hear this.

We Conservatives in the @HouseGOP aren't the fringe.

We actually represent the base of Republican voters, which is approximately 70%.

And when the party learns to represent Conservative Americans, we will never lose again.

Dozens of congressional candidates across America are actively seeking @mtgreenee's endorsement.

Why? Because she fights for America First, she represents the BASE, & the voters love her.

No one seeks the endorsement of the fringe "Republican," anti-Trump @NancyMace.

I attended Kavanaugh's hearing when he was being confirmed.

The paid organized leftist groups had women outside and were cycling them through to sit in.

They would plan their fits and screams to make it look like a real outrage.

It was all fake, just like his accusers.

.@NancyMace is the trash in the GOP Conference.

Never attacked by Democrats or RINO's (same thing) because she is not conservative, she's pro-abort.

Mace you can back up off of @laurenboebert or just go hang with your real gal pals, the Jihad Squad.

Get ready Georgia, Stacey Abrams wants to be Governor of our state and will be depending on her friend like Linda Sarsour, who organized the Women's March and raises money for Islamic terrorists.

These women do NOT represent our Georgia values!

Ahh the never ending hypocrisy of Linda Sarsour, who raises money for Islamic terrorists.

Pro-woman, please 😂

The terrorists you support consider your value the same as dogs & definitely don't think you are equal to men.

You're not even Pro-America.

Get ready Georgia, Stacey Abrams wants to be Governor of our state and will be depending on her friend like Linda Sarsour, who organized the Women's March and raises money for Islamic terrorists.

These women do NOT represent our Georgia values!

When the government is reigning unconstitutional mandates over the people, it is absolutely the time to shut down the government!

And it's Senator McConnell's responsibility to do it.

Dear Senator Schumer,

On September 9, 2021, President Biden announced plans to impose a sweeping COVID-19 vaccine mandate that, while ostensibly targeting America's employers, will hurt workers. Using the threat of crippling fines, the president's mandate would compel all private employers with at least 100 employees to take action against workers who decline to be vaccinated. This is wrong—morally, legally, and constitutionally. Accordingly, we will oppose all efforts to implement and enforce it with every tool at our disposal, including our votes on spending measures considered by the Senate.

To be sure, we agree that countless Americans have benefitted from the protection offered by the COVID-19 vaccines. Nevertheless, the decision whether to be vaccinated against COVID-19 is a highly personal one that should never be forced upon individuals by the federal government. President Biden has chosen to disregard the personal autonomy of free citizens. Some choose not to be vaccinated because of sincere religious beliefs; others because of unique and potentially serious medical conditions. Others have fully recovered from a previous COVID-19 infection and feel adequately protected by natural immunity, which according to some studies is 27 times stronger than immunity derived from a vaccine. But regardless of their reasons, those who choose not to receive the jab deserve to be treated with dignity and respect, especially by their own government. People in any civilized nation should expect nothing less.

President Biden is waging a cruel campaign to punish unvaccinated Americans—depriving them of their ability to provide for their families. This is nothing short of tyranny. There are so many humane ways to defeat this virus. Depriving law-abiding citizens of their livelihood must not be included among them.

This punishment is not simply reserved for those who—for their own good reasons—decline to get the jab. President Biden's mandate will punish everyone by crippling our nation. As companies and state and local governments begin to fall in line behind President Biden's proclamation, issuing their own mandates to ensure their compliance, the societal consequences of these mandates are starting to manifest as examples of what is to come.

These early examples demonstrate that coerced unemployment will destroy the machinery that allows our nation to function. Vaccine mandates threaten our law and order, national security, supply chains, travel, and every sector of our economy. Here are a few anecdotes signaling

workforce, as estimated by the American Trucking Associations. This in the middle of a supply chain crises where the nation already faces a shortage of 80,000 truck drivers.
- Recently, giants for Southwest Airlines staged a protest of the impending vaccine mandate. In just one weekend, Southwest Airlines had to cancel 1,800 flights, costing the company $54 million.
- According to a Kaiser Family Foundation poll, seven in ten unvaccinated workers (9% of all adults) would quit their job if required to get the vaccine.

If the vaccine mandate is allowed to be fully implemented, the result could be catastrophic. Many Americans who have decided to not comply with the vaccine mandate will not suddenly accept coercion. That is the God given right. Any attempt to blame this impending catastrophe on those choosing not to take the jab would be severely misplaced.

President Biden chose to employ unnecessarily coercive methods. President Biden made a bet that he could force people to comply with his edicts by threatening their livelihoods. He was so sure of his winning hand that he wagered the machinery that allows our nation to function. When he does that he is the house will be Rick's bet. It is wrong to gamble with people's livelihoods. It is unwise to bet that Americans will cave to petty tyranny.

To be clear, this was not President Biden's bet to make. The president of the United States does not have any statutory or constitutional authority to undertake the overt takeover and unprecedented action. The Constitution, which protects the people from the dangers inherent in

It's sad to think about how the unloved hate

People like @mtgreenee like most bullies always try to attack and project strength because they are so badly hurting, so unloved and so insecure

That's why I believe so much in Kingian Non-violence

There are so many verified reports of myocarditis and other heart issues after mRNA vaccinations and covid, there must be more studies done and the vaccine mandates must be stopped.

While so much is still unknown, the obvious solution is let people make their own decisions.

1. Every single year more than 600,000 people in the US die from cancer.

The country has never once shut down.

Not a single school has closed.

And every year, over 600,000 people, of all ages and all races will continue to die from cancer.

2. Since #COVID19 tracking has started, 780,000+ people have died in 22 months in the US, but more than 1 million still died of cancer

More have died in 2021 from covid than 2020 in spite of Gov mandated widespread vaccines, mass public masking, & trillions spent.

4. To care about others & save lives, our response to #COVID19 should be working towards ending obesity, promote covid treatments that are proven to work, & stop the politically driven mass hysteria.

Allow people to choose natural immunity or vaccines, w/o discrimination.

3. It's time to take a different approach based on the facts.

Covid predominately targets obese & older people.

Shutdowns, masking, and vaccines are not stopping covid, that is just government control.

Ivermectin, monoclonal antibodies, & other treatments are saving lives.

1. Remember Ross Perot?

He was great & relatable to a lot of people because he spoke common sense & wasn't part of the political establishment.

He got nearly 19% of the vote in the 1992 presidential election as an independent, pulling Republican votes away and Bill Clinton won.

8 That single digit vote percentage for the Libertarian governor's candidate @ShaneTHaze combined with too many unsafe absentee ballots and still angry R voters not voting will be deciding factors that give Stacey Abrams what she doesn't deserve.

2. Georgia's governors seat may turn blue for a similar reason with some other factors bc of our razor thin margins.

A libertarian candidate in the race may pull enough votes to hand over our state to Stacey Abrams in 2022.

3. Shane Hazel ran for Congress in 2018 in GA-07 in the Republican primary pulling 28%.

Then ran again for Senate in 2020 as a Libertarian candidate against David Purdue.

Hazel's 115,039 votes, combined w/ some unresolved voter fraud issues were just enough to force a runoff.

And there is a whole lot to that story that may play in our very important 2022 GA Gov race.

I was just told @Twitter suspended me for 12 hrs in "error," on the same day Dems introduced a resolution to expel me from Congress.

What a coincidence?

Twitter's little error wasn't resolved until after 12 hrs.

Republicans must keep them separate & vote NO especially if MIRV rule comes to play.

I was just told @Twitter suspended me for 12 hrs in “error,” on the same day Dems introduced a resolution to expel me from Congress.

What a coincidence?

Twitter’s little error wasn’t resolved until after 12 hrs.

@jack which employee made the “error?”

1 My beloved home state of Georgia is the key to the south.

With the third largest port in the US, international airport, connecting corridors, rich agriculture, and filled with wonderful people, a key focus of our governor & leaders must be keeping Communist China out of GA.

2. The CCP uses business to move into America.

The only businesses that should ever matter to Georgia and America are American owned & operated businesses.

While job growth and tax revenue are important, we must create policies that accomplish this by America owned businesses.

First they said, the shutdowns & masks were temporary until they found a vaccine.

Then they mandated the vaccines & say you need more boosters in order to buy & sell in New York.

Now they say you have to wear the mask or pay steep fines.

It's not about covid.

It's communism.

Tucker Carlson ✓
@TuckerCarlson

Technically, Mitch McConnell is the Republican leader in the United States Senate.

But in real life, on the issues that matter, Mitch McConnell is an instrument of the left.

Vaccine mandates are 100% authoritarian abuse by Joe Biden.

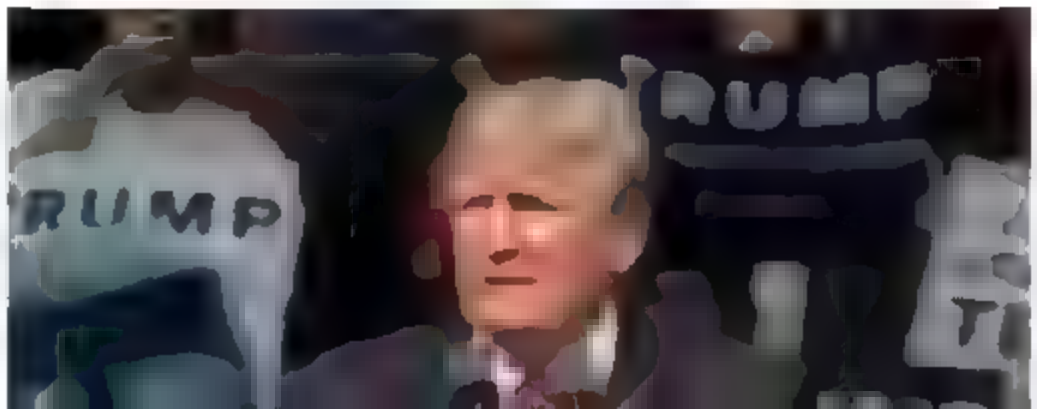
Good morning Deputy Warden @awkathyjo,

How's the DC Gulag this morning?

You are responsible for human rights violations in the DC Jail and torture and abuse of pre-trial defendants.



It's clearly bc of your extreme political views.

But you're not alone, many are guilty too.

Fuck everyone who supports Trump.

This is what you get after so many years of institutionalized stupidity through religion. People like Marjorie Taylor Greene.
Perhaps now enough people will realize that it's in our best interests to deal with reality on reality's terms, and get rid of the poison of religion.

Today, Democrats, led by Russia-hoaxer @AdamSchiff plan to continue their witch hunt against President Trump and his supporters.

We will be voting on the "Protecting Our Democracy Act," which should be called "Destroying Our Republic Act"

THIS BILL MUST BE DEFEATED!

This 174-page bill is designed to weaken the office of POTUS and empower the Deep State

This unconstitutional bill

-Directs the unelected GSA administrator to determine the outcome of a Presidential election & begin a transition even if ALL VOTES HAVEN'T COUNTED!

All of this is designed to continue the years long Russian collusion witch hunt on President Trump and his White House, which have failed and proven false over and over again.

Presidents shouldn't have a pardon privilege anyway. Our president isn't judge and jury. Our legal system takes care of determining who is guilty. Not the president.

Perhaps some changes we are seeing at CNN have something to do with the upcoming new owner.

He said recently he wants to see CNN return to real journalism.

But I would argue Chris Wallace has a bias so big, he's incapable of real journalism.

We'll see after the closing.

9 Yet there is so much irony in Deputy Warden Kathleen Landerkin s tweets and belief system.

Just like many Democrats, she complained about a "stolen election" and wanted President Trump locked up, but now tortures people who rioted at the Capitol over a stolen election
